

E30DGA-BASIC Touch Display system

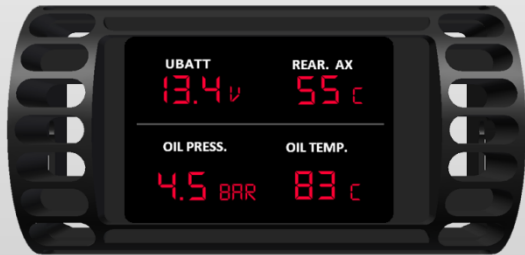

BMW E30 Gauge instrument

- Oil pressure
- Oil temperature (M 20)
- Transmission temperature (S 14)
- Temperature of rear axle
- Battery voltage
- Longitudinal and lateral acceleration

E30DGA-BASIC Touch Display system

Retro Design

- Oil pressure
- Oil temperature
- Battery voltage
- Temperature of rear axle

Modern Design

- Oil pressure
- Oil and transmission temperature
- Temperature of rear axle
- Battery voltage

Modern Design

- Longitudinal and lateral acceleration

Modern Design

- The maximum measured values

Specifications

- OLED Touch color display
- Aluminum body
- 3 x analog input
- Dimensions (LxWxH) 104.5 x 58 x 54mm
- USB interface
- Also supported PSI and Fahrenheit measurement

Scope of delivery

- E30DGA-BASIC display
- 2 x NTC temperature sensor
- 1 x Oil Pressure Sensor
- Cable harness
