

≡ MANSORY ≡

WHEEL COLLECTION 2016

The MANSORY SPIDER light-alloy wheel

MANSORY have extended their range of wheels with a particularly attractive and sporty design in the shape of the SPIDER light-alloy wheel. The spider web design wheel is available in size 21-/ 22-/ and 23 inch. Use of special aluminium alloys and a state of the art casting process results in a wheel capacity of up to 900 kilogrammes, making it ideally equipped for use on heavy SUV's and luxury saloon cars.

Available sizes and price:

- 21"
- 22"
- 23"

The MANSORY MULTISPOKE light-alloy wheel

Superlative elegance is the hallmark of the refined design of the MANSORY MULTISPOKE alloy wheel. And the graceful look is also a technical plus - thanks to the 11 double spokes, the weight of the vehicle is spread over the whole wheel structure, giving an impressive load of up to 980 kilogrammes per wheel. The wheel is manufactured in a casting process and is available in sizes 21 and 22 inch. Equipped by permanently logo position cap tyres.

The MANSORY 5 spoke monoblock fully forged wheel

This exclusive design, forged wheel is tailor-made especially for Porsche requirements. The monoblock- wheel with five double spokes measures 8.5 x 20 inches at the front and 12 x 20 inches at the back. Not only its sportive look, but also its excellent processing makes

it so impressive. The reduction of unsprung masses by the exceptional and elaborate production technology does not only lead to a shorter braking distance, but also improves the acceleration and the handling of the car. For best possible grip, MANSORY recommends wheels sized 235/30/20 at the front and 305/25/20 at the rear. For new model from 2012 MANSORY recommends wheels with the size 245/30 at the front and 325/25/20 at the rear.

As a perfect wheel/tyre combination, MANSORY adds forged wheels (size 9 x 20 inch and 11 x 21 inch) with central locking system. The high tech 10 Spokes C wheel has been developed on the back of many years' experience. This has led to an extremely durable wheel with low weight. As an alloy wheel with motor sport genes, it comes especially with centerlock.

Available sizes:

- 20"
- 21"

Standard surfaces:

- Raw
- Black matt
- Individual painting on request

The MANSORY 5 double spoke fully forged wheel

5 slim double spokes allow optimal ventilation and air flow around the wheel arches. Specially developed for The MANSORY performance programme models from Mercedes-Benz and Ferrari, this wheel provides the best possible conditions for avoiding brake fade due to overheating.

Available sizes:

- 20"
- 21"

Standard surfaces:

- Silver polished
- Raw

The MANSORY 5 triple spoke fully forged wheel

MANSORY have pulled out all the stops with the manufacture of the 5 triple spokes. The wheel which comes with 5 hole fixing is made using advanced forging technology, ensuring the highest possible rigidity with an extremely low weight. The high stiffness and density of the forged alloy make it possible to reduce the material thickness to an absolute minimum. The result is a very light, graceful appearance.
